SLÁVIA

THE CITY OF KOŠICE

Košice, the second largest city in Slovakia, is the administration centre of the Košice region and the metropolis of Eastern Slovakia at the same time.

The city is rich in its history, however, it has much to offer at present as well. Its geographic location in the middle of the Košice Valley was suitable for settlement already in the paleolithic period, which is proved by an archeological finding of a municipality in the present town district Barca. Later historical events in the given location confirm the significance of

by well preserved and perfectly developed type of town with a lenticular square. The St. Elizabeth's Cathedral, the easternmost Gothic cathedral in Europe, is its dominant. Renaissance Urban's Tower stands next to the cathedral and St. Michael's Chapel is on the other side. During the large-scale reconstruction of Hlavná Street in years 1996-1997 another attraction of the city was created between the cathedral and the chapel - the Sidewalk of Famous People, with tiles of significant personalities, who had favoured the city with their visit.

They include the late Pope John Paul II, Prince Albert of Monaco, the Swedish King Gustav, opera star Luciano Pavarotti, or the presidents of V4 countries. When walking down the Hlavná Street every visitor stops at the attractive building of the State Theatre and spends a while relaxing at the singing fountain in the nearby park. Behind the theatre there is a beautiful Baroque-styled Immaculata statue, reminding of the plague epi-

demic which raged here in the 18th century. On the opposite side the underground archaeological complex of the Lower Gate cannot escape one's notice. The city historical monument reservation in Košice is the largest one in Slovakia, with 556 protected cultural monuments on its area of over 85 hectares. There are several museums and galleries worth visiting in Košice. Cultural experiences are provided also by theatres (State

Theatre, Small Theatre, Puppet Theatre, Theatre Jorik, Thalia, Romathan) and the Slovak State Philharmonic. The city visitors willing to buy something original shouldn't miss the Street of Potter's (Hrnčiarska), known as the street of handicraft, where artistic artifacts are sold in individual shops and historic handicrafts are demonstrated. Košice was designated the European Capital of Culture in 2013 and European City of Sport in 2016.

St. Elizabeth's Cathedral

The construction of St. Elizabeth's Cathedral lasted over hundred years (the close of the 14th century – the start of the 16th century).

It is the easternmost cathedral in Western Gothic style and the biggest church in Slovakia. There used to be one smaller church in the place of the cathedral before. Because of the city's expansion and after the fire a new church construction was started, in a very interesting way. They built the circumferential walls at first, then they demolished the original church and built the roof of the new one. The cathedral is dissymmetrical, because when the construction was to be completed, there was not enough money to finish the southern tower. A sundial from 1477

has been preserved next to the southern tower, above a Gothic window. St. Elizabeth of Hungary became the patron of the church, who lived in the 13th century and although she was noble, she would help the poor. We can find her statue with a spoon in her hand on the right hand side on the main and the most precious altar from 1474 - 1477. On the altar wings there are scenes from her life. The altar can be shut twice. Closing it first time, next pictures appear, showing scenes from the life of Jesus Christ. After closing the altar a second time, we can see the picture from

a cycle about the Virgin Mary. In total the altar contains 48 pictures painted under the influence of the Dutch painting school. A 16-metre high pastoforium on the left hand side of the altar is a Gothic stone jewel. There are several wall paintings from the 15th century in the cathedral and a bronze baptismal font, apparently from the former church. The only double Gothic spiral staircase in Europe leads to the imperator balcony on the right in the cathedral. Opposite there is a mausoleum of the leader of the biggest anti-Habsburg uprising – Francis Rákoczi II.

St. Michael's chapel

Hlavná Street

On the south side of the Cathedral of St. Elizabeth you can find gothic St. Michael's Chapel, devoted to the soul guide to the afterworld – Archangel Michael. Chapel, built in 1330, stays on the place of former cemetery. Lower building of the Chapel was initially used as a charnel house (for bone relics excavated during cemetery digging for new graves). Upper building was used for requiems. Above the entrance you can see sculpture of Archangel Michael weighing the souls of the dead. Inside the Chapel there is St. Michael the patron of the dead displayed on the altar fighting the Satan-Dragon. You can also find a nice stone tabernacle, „ecce homo“ sculpture and relics of medieval wall paintings there. Above the doors to the Sacristy the oldest heraldry of Košice is located. In the Chapel's walls you can see 18 gravestones from Cathedral and former cemetery embedded. Unique in Slovakia!

University Church

Hlavná Street

Formerly Jesuitic and today Premonstratesian church was built in 1681 in the place of former royal house where soldiers of Bethlen had tortured three Latin priests to death in September in 1619. Priests were later sainted as became martyrs of the city. Architecture of the Church represents combination of Renaissance and Baroque style.

Dominican church

In the Dominikánske Square

Gothic church of Dominican Order was built during at the turn of 13th and 14th century so it is one of the oldest preserved buildings on the territory of Košice. In 1556 Church was destroyed by fire and dilapidated. In 18th century it was reconstructed in Baroque style with interior decorated with illusive tableau. Today, it is once again administered by Dominican Order.

Múzeum vila ateliér Mathé je novozaložené múzeum v zriaďovateľskej pôsobnosti mesta Košice. Vila je jedinečnou architektonickou pamiatkou a vynikajúcim príkladom modernej architektúry, ktorá nadvázovala na prerušenú tradíciu funkcionalizmu z medzivojnového obdobia. Od roku 2017 je vila zapisaná v Registri modernej architektúry Historického ústavu Slovenskej akadémie vied ako vrcholné architektonické dielo a ukážka nielen minimalistickej architektúry weimarskej školy Bauhaus v slovenskom prostredí, ale aj vplyvu škandinávskej architektúry. V roku 2019 bola stavba vyhlásená za Národnú kultúrnu pamiatku. Múzeum bola zriadené v roku 2023 na základe daru prof. Evy Mathéovej, manželky sochára, pre mesto Košice. Hlavným poslaním múzea je zachovať architektonické dedičstvo

a umelecký odkaz sochára Jána Mathého. Súčasťou objektu je stála expozícia sôch Jána Mathého, ale aj vybavenie vily, teda mobiliár a príručná knižnica, zameraná prevažne na umelecko-historickú literatúru. Múzeum vila ateliér Mathé je špecializované pracovisko s dokumentáciou vo vybranej oblasti, a to v rámci vedecko-výskumnej činnosti dokumentuje život a tvorbu Jána Mathého a prezentuje architektúru múzea ako jedinečnej modernistickej pamiatky v meste Košice. Nielen architektúrou, ale i samotným obsahom vily a poslaním je toto múzeum jedinečným svojho druhu na Slovensku. Prezentuje kultúrne dedičstvo v kontexte mesta Košice, ktoré má z minulosti dlhodobú sochársku tradíciu v podobe sochárskych sympózií a uplatňovania fenoménu sochy vo verejnom priestore.

Municipal Coat Of Arms

The oldest coat of arms in Europe

When King Louis the Great of Anjou issued a document, awarding the city the privilege to use its own coat of arms in the castle Diósgyőri on May 7, 1369, he did not expect to create such a complicated heraldic situation for his successors. The coat of arms of Košice went through a very interesting development. When creating it, Louis used the royal and Anjou coats of arms. He added the upper blue field with the three golden lilies to the four horizontal silver cross-bars in the red field. However, he did not solve the appearance of the jewel and covers. The city solved it itself, by means of their imagination and used a person of an angel, the shield-carrier. Only after 55 years the coat of arms was modified to reach this appearance officially, by Emperor Sigismund of Luxembourg, who issued a normal official document certifying the coat of arms, in Bratislava on January 31, 1423. The angel holding the coat of arms shield had beautiful red clothes, which were replaced with light blue by King Ladislaus Posthumus thirty years later, on February 7, 1453.

The Immaculate statuary

Hlavná Street

Baroque-style sculpture of immaculate conception was built by the city in 1723 as acknowledgement for repel of destructive plague contagion by the end of Rákoczy's uprising. Sculpture was created by famous Šimon Grimming.

Jakab's palace

Mlynská Street

Romantic city palace was built in Pseudogothic style by rich brick baron from Košice - Peter Jakab in 1903. In 1945 when Košice was a capital city for a short period of time Czechoslovak president Eduard Beneš was living here. Today, palace is used by city representatives for representative purposes.

Calvinist church

Hrnčiarska Street

This Calvinist church was built on the place of former medieval city gate in fortifications called Maľovaná (decorated). Its tower is situated exactly instead of it. The church started to be built in 1805 and was consecrated in 1811. At that time it was lacking the tower which was built in two parts, in 1853 and in 1895 when the metal cock was placed there as a symbol used since the 16th century when Calvinists owned the Cathedral in Košice. The neo-Romanesque architecture of the church is very simple.

Mikluš's Prison

Pri Miklušovej väznici Street

Near Hlavná Street, in the historical centre of the town, one can find two buildings belonging to the so called Miklus prison. Both are from the first half of the 15th century. Later in that century one more floor was added to the corner house and according to the ceramic material and artefacts, a pottery workshop was there since the 16th century. At the beginning of the 17th century, both houses were united and reconstructed to serve as a town prison and torture chamber. From the year 1872, when jurisdiction was separated from the Town council, the building was a prison of the town police until 1909. Two years later it was given to the museum as stock. The objects were fully reconstructed in 1940 - 1942. The East Slovakian Museum created an exhibition "The Centuries of Kosice" connected with the history of the town and also the building.

Adolf Lang – one of the most talented European architects of 19th century, who projected some buildings in Budapest and taught at universities in Vienna, Romania and Holland as well became entrusted with the construction. It is built in the style of eclecticism with elements of Neo-baroque style and secession. The interior is richly decorated with plaster ornaments, the stage is lyre-shaped. The ceiling of the building is decorated with scenes from William Shakespeare's tragedies Othello, Romeo and Juliet, King Lear and A Midsummer Night's Dream. The reconstruction of the building was needed in the 90's and after that the theatre was included among the most beautiful theatre buildings in Europe.

Palace of Art

Moyzesova Street

The first synagogue of Jewish Košice originated in 1886 and was named Status Quo. Orthodox Jews did not like it because it was in the neo-gothic style and therefore they built their own synagogue next to it. Both these buildings were replaced in 1927 by one big neolog synagogue designed in oriental style by Ludovít Kozma. After the WWII it was modified in the style of socialist realism into the House of Arts (Dom umenia), the seat of the Slovak State Philharmonic Košice.

The Spiš Castle

UNESCO
World Heritage Site

The ruins of Spiš Castle in eastern Slovakia form one of the largest castle sites in Central Europe. The castle is situated above the town of Spišské Podhradie and the village of Žehra, in the region known as Spiš.

This imposing fortification stands 634 metres (2080ft) above sea level on cliffs dominating the Spiš region and was included in the UNESCO list of World Heritage Sites. The castle was one of those few, which resisted the Tartar invasion (1241). Spiš Castle was built in the 12th century on the site of an earlier castle. It was the political, administrative, economic and cultural centre of Szepes County of Hungary. Before 1464, it was owned by the kings of Hungary, afterwards (until 1528) by the Szapolyai family, the Thurzo family (1531-1635), the Csáky family (1638-1945), and (since 1945) by the state (Czechoslovakia, and since 1993 Slovakia).

Originally a Romanesque stone castle with fortifications, a two-story Romanesque palace and a three nave Romanesque-Gothic basilica, were constructed by the second half of the 13th century. A second extramural settlement was built in the 14th century, by which the castle area was doubled. The castle was completely rebuilt in the 15th century; the castle walls were heightened and a third extramural settlement was constructed. A late Gothic chapter was added around 1470. The Szapolyai clan performed

VYSOKÉ TATRY *Hory zážitkov*

Nádherné vysokohorské prostredie Vysokých Tatier ponúka návštevníkom v zimnej sezóne množstvo výnimočných zážitkov. Lyžiari majú k dispozícii 24 km zjazdoviek, výborné podmienky sú však v Tatrách aj pre ďalšie zimné športy a vysokohorskú turistiku.

TATRANSKÁ LOMNICA

očarí výhľadom na druhý najvyšší štít na Slovensku (Lomnický štít dostupný lanovkou) aj najvyššie položenou a najstrmšou zjazdovkou. 1 300 metrové prevýšenie, 5 mesačná garancia snehu, moderné sedačkové lanovky a rozšírené zjazdovky sú zárukou skvelého zážitku na pravotriednej carvingovej 6,5 kilometrovej trati so šírkou až do 60 m. Stredisko zároveň ponúka takmer 5 km zjazdoviek najnižšej náročnosti, čo ocenia najmä rodiny s deťmi.

ŠTRBSKÉ PLESO

láká vynikajúcimi lyžiarskymi podmienkami so skvelými traťami na slalom, zjazd, či bežecké lyžovanie - so službami s najvyšším štandardom. Pre bežecké lyžovanie sú k dispozícii bežecké trate v celkovej dĺžke až 26 km.

STARÝ SMOKOVEC

Najobľúbenejšou nelyžiarskou tatranskou atrakciou je denná a nočná sánkovačka po 2,5 km dlhej osvetlenej trati z Hrebienka do Starého Smokovca. Nezabudnuteľné zážitky si môžete odniesť aj z návštevy Tatranského ľadového domu na Hrebienku, ktorý sa tento rok nesie v téme, ktorá vás chytí za srdce. Nasledujte mušlu „hrebenatku“, ktorá je neodmyslitelným symbolom všetkých návštevníkov slávnej Compostely de Santiago v Španielsku. Známe pútnické miesto je symbolom nového začiatku a múzou tohtoročného ľadového projektu.

**Even BIGGER
Tricklandia**

Tricklandia does not stop and has again prepared a lot of news for its visitors. Tricklandia grew to 1,000m² and a whole floor was added to it. In the renovated premises you will see old famous trickart, but also a completely new COMICS exhibition. The gallery uses trickart and optical illusions in its exhibition. You can also look forward to augmented reality, anti-gravity rooms and the most beautiful mirror maze. The individual exposures are so sophisticated that you will not believe your own eyes.

NEW ATTRACTIONS
from December 7th 2023

It sounds like a cliché, but it's true. Tricklandia is an ideal place for the whole family. Thanks to the diverse exhibition, everyone will find something in it whether it's beautiful paintings, posing in front of the lens, a beautiful mirror maze or fighting against gravity.

GOPASS VSTUPENKA NA LYŽIARSKY SVAH AJ KĽÚČ K BRÁNAM AQUAPARKU

Pre dovolenkárov, ktorí lyžujú v Tatrách je vstupenkou na svah GOPASS - osobný personifikovaný skipas, ktorý je zároveň multifunkčnou vernostnou kartou. Lyžiaři sa z pohodlia domova bezplatne zaregistrovú v e-shope na www.gopass.travel zakúpia si svoj e-skipas a po príchode do lyžiarskeho strediska priamo z auta idú cez turniket na lyžiarsky svah. GOPASS šetrí lyžiarom čas, pretože nemusia čakať na svoj skipas na pokladničke v dlhej rade, namiesto toho si ako prví užívajú ranný menčester. Za každý jeden nákup sa klientovi pripisujú vernostné body, ktoré môžu následne využiť na ďalšie služby v prevádzkach TMR. S GOPASS kartou si môžu lyžiaři túto zimu užiť aj lyžiarske strediská Špindlerův Mlýn a Ještěd v Českej republike, poľské stredisko Szczyrk alebo rakúske strediská Muttereralm Innsbruck, Mölltaler Gletscher a Ankogel.

Comfort parking je služba určená pre klientov, ktorí si budú chcieť zabezpečiť garantované parkovanie počas celého dňa. Službu Comfort parking si budú môcť klienti zakúpiť výhradne online na www.gopass.travel

SKIPASY AKO LETENKY

Skipasy do lyžiarskych stredísk sa predávajú za dynamické ceny. Rovnako ako pri letenkách platí čím skôr kúpiš, tým lacnejšie lyžuješ. Online predpredaj skipasov za najvhodnejšie ceny je dostupný na [gopass.travel](http://www.gopass.travel). Viac informácií na www.gopass.travel

KOMPLEXNÉ CENTRUM ZIMNÝCH SLUŽIEB VO VYSOKÝCH TATRÁCH

V strediskách majú svoje stabilné miesta aj kvalitné doplnkové služby TATRY MOTION - požičovne lyžiarskej a skialpovej výstroje, depot a servis lyží, test centrum či lyžiarska škola s profesionálnymi inštruktormi. Tím profesionálnych inštruktorov lyžiarskej školy ponúka lekcie pre individuálov, skupiny aj úplných začiatočníkov.

PRÍJEMNÉ POSEDENIE PRI JEDLE, ČI NÁPOJOCH NA SVAHOCH A OKOLÍ

Priamo na svahoch lyžiarov, snowboardistov ako aj ďalších návštevníkov hôr čakajú štýlové horské reštaurácie na medzistanici Štart (1357 m n.m.), na Skalnatom Plese (1751 m n.m.) a na Hrebienku (1285 m n.m.). Veľkým lákadlom je HUMNO restaurant & music club*. Tento unikátny a viacúčelový objekt, prvý a jedinečný svojho druhu na Slovensku, kombinuje v sebe ponuku Apres-ski baru, reštaurácie, coctail baru a disco klubu. HUMNO sa nachádza nedaleko údolnej stanice 6-sečaďkovej lanovky v Tatranskej Lomnici. Interiér zaujme aj zaveseným čiernym Cadillacom, ktorým sa počas svojho turné v Prahe v roku 2006 vozila americká popová hviezda Madonna, či nefalšovaným ratrakom, ktorý roky upravoval tatranské zjazdovky.

VÝHODNÉ POBYTOVÉ BALÍKY SO SKIPASMI

Kvalitné ubytovanie vo Vysokých Tatrách má veľa podôb. Náročnejšiu klientelu zaujmú štvorhviezdičkové hotely Grandhotel Praha v Tatranskej Lomnici alebo Grandhotel v Starom Smokovci. Svoju ski in a ski out polohou zaujme aj trojhviezdičkový Hotel FIS na Štrbskom Plese len pár metrov od zjazdoviek rovnako ako ubytovanie v novootvorenom objekte Apartmány Horec.

LOMnický štít – ZÁŽITKOVÁ TURISTIKA AJ V ZIME, ATRAKTÍVNA NOC NA STRECHE SLOVENSKA

Turisti vyhľadávajú Vysoké Tatry aj v zimných mesiacoch. Slovenské veľhory ponúkajú prekrásne výhľady. Počas niekoľkých minút sa návštevník dostane lanovkami do vysokohorských terénov a môže nerušene nasávať energiu prírody v tej najčistejšej forme. Miesto, ktoré láka lyžiarov, aby aspoň na chvíľu odložili svoju výstroj, je určite Lomnický štít alebo Dedo. Prečo Dedo? Tak nazývali miestni v 17. storočí – druhé najvyššej hore na Slovensku, ponúka nezabudnuteľný zážitok. Ubytovanie a rezervácie sú dostupné v 4-miestnej (Comfort) a 2-miestnej (Classic) izbe, v Kaviarni Dedo sa podáva slávostná večera a raňajky si hostia vychutnajú na Skalnatom Plese.
