Dear visitors to Košice

In June, Slovakia will host the UEFA European Under-21 Football Championship, with Košice being the Host City of Group D matches between Denmark, Finland, the Netherlands, and Ukraine, as well as one semifinal match. Football fans and visi-

tors will first be welcomed by the modern Košice Football Arena (KFA), which boasts a capacity of 12,555 spectators and meets the strictest UEFA criteria for stadiums of Category 4. The KFA, home to FC Košice and national team matches, symbolizes the city's ambition to become the center of football in Slovakia.

In addition to the sporting events themselves, a rich cultural program will be prepared for visitors. From June 18 to June 22, Hlavná Street will host the Cassovia Folk Fest combined with a traditional fair, and on June 20, the 27th annual ArtFilmFest will kick off, enriching the festival atmosphere until June 27. Between June 11 and 12, you can enjoy JBL Fest (Alžbetina x Hlavná), and on June 14 at 2:00 p.m., the city will host the Red Bull event Dance Your

Style. On June 22, Spirit Fashion meets Art will kick off at Immaculate, followed immediately by the opening of the cultural summer on Hlavná Street.

Security measures have been in preparation since autumn 2024 under the leadership of the Slovak Football Association (SFZ). Security forces regularly hold training sessions at the KFA. The city of Košice is working closely with the KFA, SFZ, City Police Force, the Slovak Police Force, and the local traffic management body to ensure that the matches run smoothly, in accordance with strict UEFA requirements and standards.

Traffic around the stadium will be adjusted on match days. Restrictions will apply approximately three hours before kick-off (matches starting at 6:00 p.m. or 9:00 p.m.). Parking lots within walking distance are available for fans, with temporary traffic signs directing them to and from the KFA parking lots. Ticket holders will receive detailed parking instructions in advance of the event. The city asks visitors for their patience, consideration, and respect for the temporary traffic changes.

IVAN MISTRÍK TO RECEIVE THE FIRST-EVER MILAN LASICA AWARD

Each year, ART FILM presents several honorary awards. The *Actor's Mission award* traditionally honors outstanding figures in acting, both domestic and international, while the *Golden Camera award* is dedicated to exceptional film professionals. This year, a third honorary recognition has been introduced: the *Milan Lasica Award*, commemorating the festival's first and only president and honoring major figures in Slovak film acting posthumously. The first recipient of this award is Ivan Mistrík.

"As of this year, IFF ART FILM is proud to establish a new honorary award named the *Milan Lasica Award*, dedicated to legendary Slovak film actors posthumously. It builds upon the tradition of the President's Award, which our unforgettable president Milan Lasica personally bestowed

during his lifetime. This award is both a tribute and a responsibility, serving as a dignified reminder of our late president and a chance to honor acting legends whom we didn't have the opportunity to celebrate during their lifetimes," says the festival's artistic director Martin Palúch, revealing the first recipient: "In 2025, on the occasion of what would have been his 90th birthday, the brilliant Ivan Mistrík will be the first laureate. He was one of the most talented Slovak actors, enriching national cinema with iconic roles in films such as *The Higher Principle*, *Copper Tower*, *Eagle Feather*, *Captain Dabač*, *Midnight Mass*, and many others."

Born on October 15, 1935, in Bratislava, Ivan Mistrík first appeared in front of the camera in 1950. Admired not only for his acting talent but also for his dedication, he was known among colleagues as a sensitive and hardworking man deeply immersed in his craft. His perceptiveness enabled him to portray delicate, nuanced characters both on screen and stage. Throughout his career, he starred in dozens of feature films, frequently working with directors such as Martin Hollý, Paľo Bielik, Jiří Krejčík, Andrej Lettrich, and Peter Solan.

ACTOR'S MISSION AWARD TO DANIELA KOLÁŘOVÁ AND MILAN ONDRÍK

Since 1995, the *Actor's Mission award* has been presented to distinguished acting talents for their exceptional contribution to cinematic performance. Previous recipients include legends like Zdeněk Svěrák, Zuzana Kronerová, Claudia Cardinale, and Geraldine Chaplin. This year, Czech film, television, and stage actress Daniela Kolářová joins this prestigious list.

"Daniela Kolářová is a stalwart of Czechoslovak cinema. Her artistic contribution is beyond question. She has appeared regularly on both the big screen and television since 1965, delivering numerous unforgettable character roles that have earned her admiration across the former Czechoslovakia. It is a great honor for Art Film to welcome such a remarkable actress and present her with the *Actor's Mission award*," says artistic director Martin Palúch.

"Her best-known roles include co-starring with Jaromír Hanzlík in *A Night at Karlštejn* (1973), with Zdeněk Svěrák in *Seclusion Near a Forest* (1976) and *Empties* (2007), with Oldřich Kaiser in *Meeting in July* (1977), and with Josef Abrhám in *Ball Lightning* (1978). She is also remembered for her roles in iconic TV series such as *A Woman Behind the Counter* (1977) and *Hospital at the End of the City* (1977–1981). Alongside previous Actor's Mission laureates like Iva Janžurová, Jiřina Bohdalová, and Jana Brejchová, Daniela Kolářová remains one of the most beloved Czech actresses to this day," Palúch adds.

Slovak actor **Milan Ondřík** will also be honored with the Actor's Mission award for his extraordinary achievements in cinematic acting.

A graduate of the Academy of Performing Arts in Bratislava, where he studied under Peter Mankovecký and Zuzana Kronerová, Ondřík began his acting career at the Andrej Bagar Theatre in Nitra, where he remains active. His authentic and groundbreaking acting style has drawn attention from Slovak directors since the early 2000s, who cast him in demanding, multi-layered roles. His talent has earned him numerous film awards.

"Milan Ondřík has become a prominent presence in Slovak film and television. He consistently delivers captivating lead and supporting performances, and the array of awards he's received proves it's not luck but undeniable talent. He masterfully balances physically demanding roles with subtle psychological portrayals. For these reasons, MFF Art Film has decided to honor Milan Ondřík for his remarkable contribution to the art of acting," adds Martin Palúch.

AWARD CEREMONIES OPEN TO THE PUBLIC

Film enthusiasts are warmly invited to attend the *Actor's Mission award* ceremonies at Dolná brána in Košice:

Milan Ondřík will receive his award on **Saturday, June 21 at 4:00 PM**, and Daniela Kolářová on **Friday, June 27 at 3:00 PM**.

St. Elizabeth's Cathedral

The construction of St. Elizabeth's Cathedral lasted over hundred years (since the close of the 14th century – until the beginning of the 16th century).

It is the easternmost cathedral in Western Gothic style and the biggest church in Slovakia. There used to be one smaller church in the place of the cathedral before. Because of the city's expansion and after the fire a new church construction was started, in a very interesting way. They built the circumferential walls at first, then they demolished the original church and built the roof of the new one. The cathedral is dissymmetrical, because when the construction was to be completed, there was not enough money to finish the southern tower. A sundial from

1477 has been preserved next to the southern tower, above a Gothic window. St. Elizabeth of Hungary became the patron of the church, who lived in the 13th century and although she was noble, she would help the poor. We can find her statue with a spoon in her hand on the right hand side on the main and the most precious altar from 1474 - 1477. On the altar wings there are scenes from her life. The altar can be shut twice. Closing it first time, next pictures appear, showing scenes from the life of Jesus Christ. After closing the altar a second time, we

can see the picture from a cycle about the Virgin Mary. In total the altar contains 48 pictures painted under the influence of the Dutch painting school. A 16-metre high pastoforium on the left hand side of the altar is a Gothic stone jewel. There are several wall paintings from the 15th century in the cathedral and a bronze baptismal font, apparently from the former church. The only double Gothic spiral staircase in Europe leads to the emperor balcony on the right in the cathedral. Opposite there is a mausoleum of the leader of the biggest anti-Habsburg uprising – Francis Rákóczi II.

St. Michael's chapel

Hlavná Street

On the south side of the Cathedral of St. Elizabeth you can find gothic St. Michael's Chapel, devoted to the soul guide to the afterworld – Archangel Michael. Chapel, built in 1330, stays on the place of former cemetery. Lower building of the Chapel was initially used as a charnel house (for bone relics excavated during cemetery digging for new graves). Upper building was used for requiems. Above the entrance you can see sculpture of Archangel Michael weighing the souls of the dead. Inside the Chapel there is St. Michael the patron of the dead displayed on the altar fighting the Satan-Dragon. You can also find a nice stone tabernacle, „ecce homo“ sculpture and relics of medieval wall paintings there. Above the doors to the Sacristy the oldest heraldry of Košice is located. In the Chapel's walls you can see 18 gravestones from Cathedral and former cemetery embedded. Unique in Slovakia!

The State Theatre of Košice

The history of stage-craft in Košice has had tradition longer than 600 years. The present State Theatre was built more than 100 years ago and it took just two years to build it.

Adolf Lang – one of the most talented European architects of 19th century, who projected some buildings in Budapest and taught at universities in Vienna, Romania and Holland as well-became entrusted with the construction. It is built in the style of eclecticism with elements of Neo-baroque style and secession. The interior is richly decorated with plaster ornaments, the stage is lyre-shaped. The ceiling of the building is decorated with scenes from William Shakespeare's tragedies Othello, Romeo and Juliet, King Lear and A Midsummer Night's Dream. The reconstruction of the building was needed in the 90's and after that the theatre was included among the most beautiful theatre buildings in Europe.

Calvinist church

Hrnčiarska Street

This Calvinist church as built on the place of former medieval city gate in fortifications called Maľovaná (decorated). Its tower is situated exactly instead of it. The church started to be built in 1805 and was consecrated in 1811. At that time it was lacking the tower which was built in two parts, in 1853 and in 1895 when the metal cock was placed there as a symbol used since the 16th century when Calvinists owned the Cathedral in Košice. The neo-Romanesque architecture of the church is very simple.

Mikluš's Prison

Pri Miklušovej väznici Street

Near Hlavná Street, in the historical centre of the town, one can find two buildings belonging to the so called Miklus prison. Both are from the first half of the 15th century. Later in that century one more floor was added to the corner house and according to the ceramic material and artefacts, a potter workshop was there since the 16th century. At the beginning of the 17th century, both houses were united and reconstructed to serve as a town prison and torture chamber. From the year 1872, when jurisdiction was separated from the Town council, the building was a prison of the town police until 1909. Two years later it was given to the museum as stock. The objects were fully reconstructed in 1940 -1942. The East Slovakian Museum created an exposition "The Centuries of Kosice" connected with the history of the town and also the building.

Municipal Coat Of Arms

The oldest coat of arms in Europe

When King Louis the Great of Anjou issued a document, awarding the city the privilege to use its own coat of arms in the castle Diósgyőri on May 7, 1369, he did not expect to create such a complicated heraldic situation for his successors. The coat of arms of Košice went through a very interesting development. When creating it, Louis used the royal and Anjou coats of arms. He added the upper blue field with the three golden lilies to the four horizontal silver cross-bars in the red field. However, he did not solve the appearance of the jewel and covers. The city solved it itself, by means of their imagination and used a person of an angel, the shield-carrier. Only after 55 years the coat of arms was modified to reach this appearance officially, by Emperor Sigismund of Luxembourg, who issued a normal official document certifying the coat of arms, in Bratislava on January 31, 1423. The angel holding the coat of arms shield had beautiful red clothes, which were replaced with light blue by King Ladislaus Posthumus thirty years later, on February 7, 1453.

FIRST BEER GUIDE TO THE CENTRE OF KOŠICE

In summer, Košice hosts many sporting events and attracts many tourists, locals and visitors to this eastern metropolis, who want to cool off with a cold beer in the city centre during the heatwave. To our surprise, there are more than 25 pubs in the city centre offering a wide range of domestic and foreign beers. Our résumé showed that acknowledged Czech beer brands predominate. Beer houses have been already established recently in Košice that offer new Slovak beer brands and traditional beers from local Košice breweries. They offer, for example, lavender beer, wheat beer, special dark beers, and beer tastings consisting of five to six beers at a time. We have prepared a unique BEER GUIDE in order to help foreign and domestic tourists to be informed better by the beer offerings and discover special beer brands linked to the region of Eastern Slovakia.

We begin our beer guide with an introduction of the iconic **KEMBRIDŽ** pub on Tomášikova Street in Košice. The name of this pub is CAMBRIDGE in English, because even today, students from the nearby electrical engineering school and the Technical University of Košice still go there for a glass of beer. This iconic pub has seen the socialist era, and tourists can experience the nostalgic atmosphere of times gone by here. Pensioners, artists and intellectuals have been meeting there for more than 50 years. If beer lovers want to go back in time, they can have a beer tapped at the window in Kembridž, sit on simple benches and taste the eastern Slovak beer brand Šariš. From the **KEMBRIDŽ** pub, the road leads directly to the main building of the Technical University of Košice. If tourists di-

rect their steps towards the Merkur shopping centre, they will find **THE FACE CLUB** Pub nearby, at 28 Boženy Nemcovej Street. In this Šariš brewery brand pub, tourists are welcomed by the inscription 'Srdcom východniar' (The easterner with a fervent heart) on the walls of the pub. In addition to light and dark Šariš 10°, the pub also offers fresh Šariš 12° from a tank at reasonable prices. According to the pub owners, it tastes as if it had been tapped by the brewer himself. This beer does not come into contact with atmospheric oxygen and remains saturated with natural CO2. There is also a smoking area and a Slovak menu to accompany the beer. Sports broadcasts can be watched on a large screen. From this branded pub, tourists can walk to the **CORVUS BREWERY HOUSE**, at 17 Komenského Street.

This brewery offers special beers with funny names like the 15° IPA called Lucky Bastard. After drinking this beer, the visitor will not get muzzy and he can taste the dark lager 13° Black Friday. You can also enjoy the dark strawberry beer Porter 14° produced by Lusatian East Germany brewery from 1895. There is also Nine Stout 18° offered there. By drinking 11° Tečka beer /translated into English as dot/, visitors can "put a dot" to a visit of this brewery and move from Komenský Street to **KULTUR-FABRIK** so called **TABAČKA** at 2 Gorkého Street. It is famous for its iconic courtyard, which is a meeting point for various visitors throughout the summer season. The range of craft beers is complemented by street food from the "Taste and Share" team and the rich cultural programme for which

Tabačka is famous. If a tourist is looking for a good beer, a tasty burger and a dose of good music, Tabačka has it all in one place. In addition to the gold-standard Pilsner beer. Tabačka taps craft beers from local breweries Herrenwald near Košice, Hostinec Brewery, Berhet and Squark. 'Taste and Share' team brings a varied daily menu and an evening street food menu that includes Asian Bao Buns and Mexican Quesadillas in addition to burgers. No one will be bored at Tabačka, which hosts weekend parties until the early hours of the morning, concerts by contemporary bands and it brings a fresh dose of electronic music from young DJs in our "Stredávka" format every Wednesday.

From Gorkého Street, you can walk to the beginning of Hlavná Street, specifically to Hlavná 115, where you will find the Event Bar & Disco Restaurant **LAMPÁREŇ PUB**. They are proud to serve a special dark beer called Černá Barbora 13 from the Czech brewery Staropramen. This caramel-flavoured beer won the CEREVISIA SPECIALIST title in 2018 - the best dark beer special in the Czech Republic. The nearby **RED NOSE PUB** at Zbrojničná 2 has an interesting philosophy. It has eliminated beers from multinational breweries and focuses on high-quality beers without chemicals and sugar from craft, small and medium-sized breweries, offering beers of its own recipe, such as the dark beer Black Panther. Twenty types of beer are tapped from 26 taps, including Tchyně, Černá hora, Černovar, Primátor, beers with amusing names from the Czech brewery Kojetín, and the honey special Bakalář - all brands that cannot be found in other pubs in the city centre. Every tourist who is a beer drinker must taste the Czech light lager Poutník (English: 'the Pilgrim'). Beer lovers will find other Staropramen beers opposite the Urban shopping centre, at Hlavná

104 in the **STAROMESTSKÁ PIVÁREŇ**. In addition to Staropramen 10° and 12°, Smíchov 10°, unfiltered Nefilter 12° and 12° with an extra portion of hops are also on tap here. The pub has a wide range of fruit beers, from raspberry and strawberry to coconut beer. A little further down from this pub, you can enjoy Irish-style specialities. Guinness beer, steaks, pasta, and specialities at **IRISH PUB DIESEL** at Hlavná 92. The beer selection includes Budějovický Budvar and Punk IPA draught beer from the famous Brewdog brewery. There is **LA CAFÉ PORTOFINO** in a close neighbourhood of the Irish pub at Hlavná 82. This facility has a capacity of almost one hundred seats, the live coverage of some sport events can be watched on T.V. inside or outside. There is seating for almost fifty guests to enjoy Bernard 11° Czech beer on tap. If tourists want to try another draught of Czech Pilsner beer, they can simply cross the street to Hlavná 85 and visit **CENTRAL PUB & RESTAURANT**. This beer hall also offers other Czech beer brands, Gambrinus and Radegast, and non-alcoholic Birell beer for drivers and women. The luxurious **CROWNHOUSE** pub at Hlavná 73 is one of the few pubs to offer the world-famous original Slovak beer brand that survived socialism - the legendary Zlatý Bažant. Along with quality food, beer lovers can also enjoy Czech beer classics such as Krušovice, Czech ten Březňák, Slovak beer Corgoň and Austrian wheat beer Edelweiss Hefetrub. . If tourists walk down Hlavná street, they will find themselves in front of the Levoča House at 65 Hlavná street. There is the Hostinec Brewery which offers its own craft beers there and regularly modifies their production. It has its own brands - Hostinecká 12° and Hostinský Radler beers. These products are made without filtration, preservatives or pasteurisation. You can taste six types of beer

in quantities of 6 x 0.25 litres for 7 euros. Tourists can book a beer tour and see the entire beer production process in the basement of the building. The tour costs around €6 and must be booked in advance. Just two doors down, at Hlavná 63, is the legendary **KAVIAREŇ SLÁVIA**. This establishment is for those who do not want to enjoy beer in a pub, but in the pleasant surroundings of a renovated Art Nouveau building with a beautiful façade from the beginning of the last century, surrounded by paintings, with indoor and outdoor seating overlooking the Košice National Theatre. The café serves Pilsner 12° and Milio 63 non-alcoholic craft beer. The café cooks meals from local and fresh ingredients and can boast seventh place in the Gurmán Award 2017, 2018 and 2019 rankings of premium restaurants. If tourists want to enjoy a beer in a national cultural monument, they can head to Hlavná 49, to the newly opened **CONTESSA RESTAURANT AND CAFÉ** with large windows which command the view of the theatre. Contessa is located in a 14th-century town house. That house was reconstructed in the Baroque-Classical style. Several stone entrance portals, stone windows and vents have been preserved in the house. They serve Pilsner beer there, and there is a good selection of non-alcoholic beers such as draught Birell non-alcoholic and bottled non-alcoholic Birell pomelo grapefruit and Stella Artois.

This year, a new beer house called **U MEDVEĎA** opened its doors at Hlavná 56. It offers unpasteurised light and dark top-fermented beer, semi-dark beer, special editions such as IPL 16 lager and Milk Stout 17 dark unpasteurised beer. Tourists may be interested in the €5 tasting menu, which includes 5 different beers x 0.1 litres of the customer's choice. Right next to this establishment, at

Hlavná 54, is **THE BEER HOUSE**. This beer house offers Czech Litovel beer and Maestro beer. Down the road from this brasserie, on Hlavná 42, newly renovated **MÁRAI BISTRO RESTAURANT & BAR** awaits its guests, on the site of the former legendary Carpano café. This modern and welcoming restaurant and bar offer not only its famous Pilsner beers on tap, but also bottled specialties - such as the world award-winning Kalte-necker Dark Lager 13° and, for those who prefer fruitier flavours, the Belgian cherry beer Kasteel Rouge. In addition to the good atmosphere, you can now also watch live coverage of the biggest sporting events on T.V. on our terrace. To mark the occasion, we Márai Bistro preparing a special offer in which its guests can enjoy their favourite drinks along with a beer at a discounted package price, in addition to burgers and other street food.

Not far from St. Elizabeth's Ca-

thedral, at Hlavná 9/12, beer lovers will find **PIVOTĚKA BARRIQUE**. There you can taste a wide range of unpasteurised beer specialities from larger and smaller family and craft breweries. The wonderful **BLUE BELL HOUSE** is also located in this part of Hlavná Street. It is designed in a typical London vintage & new style. The menu includes, for example, Blue-Bell 12° lager. It is located in the courtyard and can be accessed from Hlavná Street 22 via the underpass or the entrance at Bočná 6.

If tourists cross the Hlavná street to the other side they will get to **KOZLOVNA** Hlavná 5 - a branded beer hall of the Czech brand Velkopopovický Kozel. Lovers of this Czech beer will find light and dark Velkopopovický Kozel 11° beer there, as well as Pilsner, Ratar and Birell beers. The beer hall also offers a 'brewer's choice' - that modifies regularly. We will end our tour of the beer halls on Hlavna Street with a presentation

of the brand beer hall of the Czech brewery Plzeňský Prazdroj called **PILSNER URQUELL PUB**. Tourists will find the pub on the 2nd floor of the Aupark shopping centre at Námestie osloboditeľov 1. It offers three types of draught tank: Pilsner Urquell 12°, dark Šariš and dark Master 18°, mixed beer and Pilsner Radler. If you want to watch football or hockey championships and other sports broadcasts, on T.V. that pub is the very place for that purpose.. Not far from Aupark, towards Steel Arena on Fejova Street 1, is the typical Slovak pub and tavern **STARÁ ŠÝPKA**. They are the only ones in the city centre to offer Gambrinus tank beer, draught Pilsner at better prices than in Aupark, such as Master and Birell beers. The advantage of this pub is its garden surrounded by greenery and fresh air, which tourists will not find in any pub on Hlavná Street, as well as typical Slovak and European cuisine at reasonable prices. beer lovers walk from Fejova Street to Štúrova Street 32, they will discover an underpass to the **K2 Pub**. This pub has almost the cheapest small Pilsner and Gambrinus beer in the city centre. A small beer costs between €1.30 and €1.80, and the pub offers fresh food, including soup, as part of a daily menu for around €9 from Monday to Friday.

Now we will introduce our readers the pubs on streets and squares parallel to Hlavná Street. At Moyzesova 36, you will find **GUINNESS KARAOKE MUSIC PUB**, where they serve Guinness. The drink menu also includes Gambrinus, Pilsner, Birell pomelo/grapefruit, Korma (with mead), dark Master 18° and brewer's choice 0.4 l. You will carry away a memory of a beer experience, the one that would be worth mentioning. So, do you have the courage to take the microphone? Or would you prefer Secret Garden with live music, goulash and barbecue? Not far away, on Dominikánske námestie, right across from the Dominican Church, **PIVOVAR GOLEM** welcomes visitors. Golem is one of the oldest breweries in Košice, established after 1989. It is also one of the oldest small breweries in Slovakia, brewing beer since 2002. The daily menu includes Golem 11.5° light lager and 13° dark lager. Golem also brews a

third beer seasonally, whether it is the popular IPL SHEMA, Vienneš GESHEM, AVIV or BOHUMIL. Tourists like to order utopenci (pickled sausages), pickled Camembert cheese or the popular fried Olomouc cheese which go together with their beer.

If you walk from Dominikánske námestie square through the underpass towards Hlavná ulica street and then along Mlynská ulica street to Kováčska ulica 19, you will find the **CAMELOT** beer hall. The facility is famous for its managing director, who won one of the top places at the World Beer Tapping Championships. Tourists can enjoy tank Pilsner, draught Birell and dark, semi-dark and golden Master beer. On the parallel street, at 23 Hrnčiarska Street, tourists can discover the **PUB u KOHÚTA**. This beer hall offers draught Šariš 10°, dark Master 18, Birell Pomelo Grapefruit, draught tank Pilsner Urquell and Pilsner Urquell hladinka. 'Hladinka' represents the traditional style of draught beer. It is a lager served with a thick layer of creamy foam. Beer drinkers will appreciate the spacious green garden in summer, where they can taste specialities such as roast pork knuckle or roast ribs. From Hrnčiarska Street, via Zvonárska Street, beer connoisseurs can reach Čajkovského Street 4,

where the **DOBRÉ ČASY - GOOD TIME BREWERY** pub is located. The garden of this brewery offers a direct view of the Orthodox Synagogue, and the brewery has 50 taps for 26 types of draught beer. This is probably the largest number of taps in one place in the city centre, and the brewery has hosted around 800 guests at once. There are Pilsner-type beers, wheat beers, various types of lagers, IPA and APA beers, Radler 10 and 12, honey beer for women - simply everything a beer lover could desire. For €6, you can also order a beer tasting of 6 x 0.1 litres.

We will end our BEER GUIDE on a cheerful note by introducing the **STANIČNÝ PIVOVAR** beer hall on the top floor of the Main Railway Station in Košice. The beers here are named after the main station - STANIČNÁ 10°, after the stationmaster - PREDNOSTA 12°, and after the depot - the dark beer DEPO. Even the legendary Czech writer Bohumil Hrabal is honoured here with the beer HRABALŮV LEŽÁK 12°, and Pilsner beer is also available. For women, there is a beer lemonade with 10° beer. So go ahead and discover the beer houses and beer gems of Košice and its surroundings!

The Historical Town Hall

Hlavná Street 59

At the close of the 13th century, two rich burgher houses stood on the site where the former town hall stands today. Later, the houses were attached together and from the beginning of the 17th century they housed the town hall. The present palace-type building was being built between 1779 and 1780 in the Baroque-Classical style. The Košice City Hall used this building until 1928, when it was moved to a new city hall building on Hviezdoslavova Street. Since then the building was used as the library until 1995. Building also houses Municipal Information Centre on the ground floor.

In 1927, the Slovan cinema (Capitol cinema at present) was added to the rear wing of the building. The author of the extension project was the well-known architect Ľudovít Oelschläger from Košice. Currently its premises are used as a cinema for film festivals, but also as a theatre hall.

Moyzesova Street

The first synagogue of Jewish Košice originated in 1886 and was named Status Quo. Orthodox Jews did not like it because it was in the neo-gothic style and therefore they built their own synagogue next to it. Both these buildings were replaced in 1927 by one big neolog synagogue designed in oriental style by Ľudovít Kozma. After the WWII it was modified in the style of socialist realism into the House of Arts (Dom umenia), the seat of the Slovak State Philharmonic Košice.

Welcome to Prešov

Mesto Prešov sa v júni 2025 stáva jedným z dejísk európskeho šampionátu vo futbale do 21 rokov. Sily si u nás medzi 12. a 24. júnom zmerajú Ukrajinci, Dáni a Holanďania. V nedeľu 22. júna nás zároveň čaká hostenie jedného zo štvrtfinálových zápasov. Pre mesto Prešov ide o historicky najväčšie športové podujatie, ktoré kedy usporiadalo alebo hostilo.

Všetko sa to udeje na štadióne, ktorý sa do rodiny štadiónov hostujúcich európsky šampionát dostal ako posledný a iba nedávno. Prešovská Futbal Tatran Aréna vznikla za necelé dva roky a do šampionátu už stihla byť dejiskom dvoch výnimočných podujatí. Slávnostné otvorenie sa nieslo v znamení duelu Internacionálov Tatrana proti Internacionálom Slovenska a Klubu ligových kanonierov. O úvodný výkop sa postaral stredopoliar „Páňa“ Antonín Panenka, autor ikonického gólu v podobe jedenástmetrového kopu do bránky Nemeckej spolkovej republiky v roku 1976 vo finále Majstrovstiev Európy.

Počas európskeho šampionátu všetkých návštevníkov nášho mesta radi privítame aj na špeciálnom 15. ročníku Dobrého festivalu, ktorý sa za štvrtstoročie stal neoddeliteľnou súčasťou Pre-

šova a najväčším hudobným podujatím leta. Dvojdňový festival sa už tradične uskutoční v areáli prírodného kúpaliska Delňa v piatok 13. a v sobotu 14. júna. Počas majstrovstiev si futbalovú atmosféru môžu prísť všetci fanúšikovia vychutnať aj do fanzóny, ktorú otvoríme na pešej zóne na Hlavnej ulici pri soche koňa počas zápasov slovenskej reprezentácie, teda 11., 14., a 17. júna.

Ak si budete chcieť dať na chvíľu pauzu od hlučnej futbalovej atmosféry, Prešov ponúka krásne okolie plné histórie a malebnej prírody. Len pár minút autom od centra môžete zdolať osamotený vrch na ktorom stojí Kapušiansky hrad – zrúcanina niekdajšieho strážneho hradu a pevnosti. Rovnako pár minút, no opačným smerom, sa viete pozrieť na zrúcaninu kedysi impozantného Hradu Šariš – sídelného hradu kráľov a kniežat.

Či nás navštívite kvôli športu, v ktorom v roku 2025 mesto Prešov dosahuje mimoriadne výsledky, či je to hudobná scéna, pre ktorú Prešov prezývajú „slovenský Seattle“, alebo naša okolitá príroda a historické pamiatky, kedykoľvek ste u nás vítaní a aj vám na chvíľu radi prepožičiame pocit, aké je to byť srdcom východniar.

BARDEJOV

At present, the rampart is one of the best preserved fortification systems enrolled in the **European Found of Cultural Heritage**. The old town (historical centre) was proclaimed Protected Urban Area as early as 1950s.

Bardejov is a town with more than 770 years old history. The town with historical center created by uniquely preserved urban complex with a structure of highly developed medieval town. The town with world-famous spa, beautiful natural surroundings and undisturbed environment.

Bardejov is situated in the north-eastern Slovakia, it spreads on both sides of the Topľa river in the western part of the Low Beskids and the Ondavská vrchovina highlands. It is located at the crossroads od tourist routes - the West-Eastern one from the Tatras via Stará Lubovňa in the direction of Svidník and Dukla, crossed from the south by route from Hungary through Košice and Prešov until the border with Poland. The Bardejov district has 60km long common border with Poland.

ZBOROV CASTLE

The village is situated 10 km northerly of Bardejov. Scenery above the village is dominated by ruins of the Zborovský castle, which was used to serve as “a guardian” of the road to Poland. Originally a Gothic Castle was probably built on a site of former Slavonic fortress. **The first mention about it is from 1250.** It was the year when Belo IV. donated the castle to a nobleman Mako, and that’s why the castle and the adjacent manor area were called Makovica. In 1548 King Ferdinand I. donated the castle to a captain from Košice, named Juraj Šeredy. Thanks to Šeredy family the castle was rebuilt and fortified. Last owners - family Rákóczi left the castle after its destruction by the imperial army in 1684 and moved into a mansion in the village. Only the St. Zofia Church remained preserved until nowadays.

An important monument is the St. Margaret Church, originally a Gothic one, with later Renaissance and Baroque redeveopments. Main altar of St, Margaret is from 1635 and was built in the styl of the German Renaissance. Interior is decorated in Renaissance and Baroque styles. In the village there are military cemetery from the WWI., the memorial of the WWI. dedicated to 28th Prague regiment, and military cemetery from the WWII.

WOODEN CHURCHES

Objects of wooden sacral architecture as architectural treasures belong to outstanding historical monuments. In 1968, 27 wooden churches throughout Slovakia were declared the national cultural monument. In the region of Bardejov, there are 7 preserved and functional wooden churches standing at original place and two that have been transferred from original sites to the open air museum in Bardejovské Kúpele.

The Spiš Castle

The ruins of Spiš Castle in eastern Slovakia form one of the largest castle sites in Central Europe. The castle is situated above the town of Spišské Podhradie and the village of Žehra, in the region known as Spiš.

UNESCO World Heritage Site

This imposing fortification stands 634 metres (2080ft) above sea level on cliffs dominating the Spiš region and was included in the UNESCO list of World Heritage Sites. The castle was one of those few, which resisted the Tartar invasion (1241). Spiš Castle was built in the 12th century on the site of an earlier castle. It was the political, administrative, economic and cultural centre of Szepes County of

Hungary. Before 1464, it was owned by the kings of Hungary, afterwards (until 1528) by the Szapolyai family, the Thurzo family (1531-1635), the Csáky family (1638-1945), and (since 1945) by the state (Czechoslovakia, and since 1993 Slovakia).
